# How to Review Assignments and Forums graded with a Rubric

Some instructors use online rubrics to grade assignments and discussion forums. If your course includes grading rubrics, you can review your results in the MoodleRooms grader.

Locate the **Administration** block in the course and select **MoodleRooms Grader,** under the Course Administration options, to be directed to a the MoodleRooms grader page.

Using the drop-down menu in the top right corner, select the assignment that you want review.

Your submitted work will display on the left. Select the **View graded rubric** button in the grading column on the right to view your results in a pop-up window.

Your grades for each criterion are highlighted in green.

Comments will appear in a criterion row as overall feedback at the bottom of the list.

Select the **X** in the top right corner or the **Close** button to close the rubric.
